

NMFC Coordinator Role (FID Track Model)

OVERVIEW:

This coordinator role supports the seasonal youth-led Little Flame, Big Flame program. The position is offered under a volunteer model to preserve eligibility for public benefits like SNAP.

ROLE DETAILS:

- Volunteer-based (no regular pay)
- Support 2 teens in weekly candle production and Saturday market booth
- Track materials and youth hours
- Communicate with founder and community families
- Represent NMFC values with care and consistency

TIME COMMITMENT:

- ~8-10 hrs/week from June to August

FID GRANT OPPORTUNITY:

At the end of the season, the coordinator may receive a discretionary FID grant in recognition of their mission impact.

- This is not guaranteed, not promised in advance, and not tied to wages
- May be offered as BTC, store credit, or cooperative allocation
- Delivered after the season to help protect SNAP eligibility

This is a values-based commitment for someone who believes in youth leadership, community care, and building local power. The FID track honors that service without putting public support at risk.
